1 Introduction

- 2 Euler explicit method (progressive)
- 2.1 Introduction
- 2.2 Description

3 Energy

3.1 Introduction

3.2 Description

Expliquer la phrase : "le principe de la conservation de l'energie est tr $\, '$ es' interessant de point de vue d'une implementation num $\, '$ erique".

- 4 Troncature (approximation), generation, propagation
- 4.1 Introduction
- 4.2 Description

5 Ressources

6 Ressources
